

Fluid Drive

Dodge Buyers Are Pleased

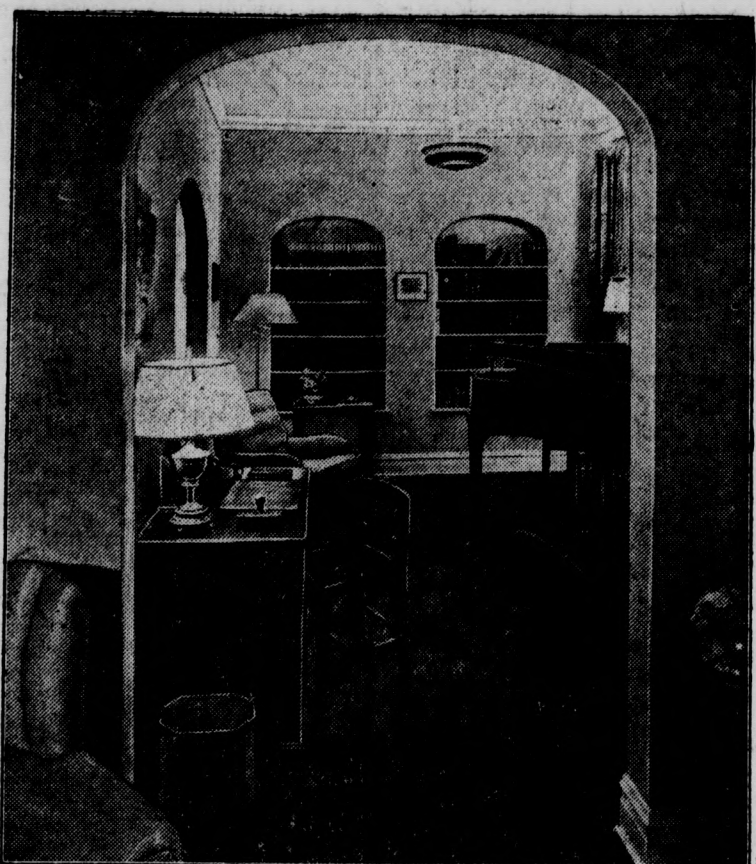

"All of the hundreds of motorists to whom we have demonstrated Dodge Fluid Drive in the last few weeks tell us they think the engineers must have been objecting for years to the annoyances and difficulties of constant gear shifting," said Ferris W. Miles, Dodge dealer here. "Motorists have learned how much easier and simpler it is to drive through heavy traffic, up and down steep hills or through the mountains with Dodge Fluid Drive. Every person who has taken a Fluid Drive is delighted with this revolutionary new way of driving."

"They are amazed to find that they can start the new 1941 Dodge Luxury Liner in high, stop at street intersections and start right off again in high without a buck or a jerk. They shake their heads in wonderment as they learn how easy it is to climb the steep hills and hold their Dodge motionless without touching the brake. They find that Dodge Fluid Drive saves them at least seven tenths of the effort spent in driving the old way," Miles continued.

Everything about the 1941 Dodge is new and different. Body contours and dimensions, hood lines, fender forms, power plant, chassis, grilles, head lamps, windows, windshield, steering wheel, interiors, instrument panel, upholstery and other details have been changed. The bodies, entirely redesigned, are beautifully streamlined—wider, longer, more roomy, still "wavy," yet without decrease in head space. Interiors are roomier, seats wider; there is abundance of leg and elbow space, greater visibility in all directions, more engine power under the hood, and many new driving, comfort and safety advancements.

Other improvements include increased horsepower; adoption of the oil-bath, heavy-duty type of air-cleaner as standard equipment; twofold fuel filtering; a new gearshifting mechanism, mounted at the side of the transmission and shortening the shifting movement to a bare 4 inches; higher second-speed transmission ratio, increased from 1.55 to 1.83 to give faster acceleration when starts are made from second speed.

Brakes have been improved still further, to insure longer lining life. The rear spring leaves are of grooved cross-section to reduce spring stresses. At the back end of rear springs

In this music room and in the adjoining living room, totally-indirect lighting fixtures were used. The gold-and-ivory finish of the metal blends nicely with the room's furnishings.

By Alice Lee

WHEREVER the eyes and hands have work to do—and this includes most family pursuits—the need for properly-designed overhead lighting soon makes itself apparent. Floor and table lamps are important adjuncts to the lighting scheme of the living room, but should not be made to assume the entire burden. Adequate general illumination, controlled by a single wall switch, permits safe freedom of movement and ease of seeing that make the entire room usable by every member of the family.

In recent years, the lighting fixture industry has given increasing study to equipment that beautifies as well as it illuminates. The result is that today, attractive overhead lighting fixtures, totally unlike

the old-style, bare-bulb chandeliers, are available at prices that are well within the reach of the most modest purse.

For the soft lighting effect that so many homemakers prefer, the totally-indirect type of fixture is recommended. Directing all of its light to the ceiling, which then acts as a reflector, it gives the room a smooth and even atmosphere of lighting which adds appeal and makes the room more "homey."

The newer living room lighting fixtures are made in all-metal and metal-and-glass combinations. In selecting yours, make certain that its design harmonizes with the room's architectural and decorative scheme, and that its size is not only adequate from an illumination standpoint, but also takes into consideration room-dimensions and ceiling height.

Mrs. Maria Hamilton Dies After Illness

Mrs. Maria Hamilton, 50, died at her home at 20 Berkshire Ave. Tuesday night after a two-month illness.

A native of Colorado, she had lived in Redwood City two years. She and her husband, Michael, who survives her, have been operating the "Fish and Chips Cafe" on El Camino Real.

Funeral services will be held Saturday at 11 a.m. at Alta Mesa Cemetery. Franklin & Crowe Mortuary is in charge.

special rubber-insulated shackles are used to isolate the axle from the frame and to reduce road sounds and vibration. The spiral-spring front suspension has been strengthened by the use of new parts.

Fox Sequoia Offers Goodwill Tickets

Manager Hal Honore today announced the forthcoming line-up of outstanding attractions booked to play the Fox Sequoia Theater during the annual "Pre-Christmas-Goodwill Ticket Campaign."

"The Westerner," with Gary Cooper; "Third Finger, Left Hand," with Myrna Loy and Melvyn Douglas; "Escape," with Norma Shearer and Robert Taylor; "Tin Pan Alley," with Alice Faye and Betty Grable; and "The Letter," with Bette Davis and Herbert Marshall are all booked for screening during the time that "Goodwill Tickets" are accepted at the door.

There is no mystery about these convenient tickets, manager Honore explained, one simply purchases his theater tickets in advance, at a 10 per cent saving, and the theater employee earns a 10 per cent bonus on every sale.

The tickets are a guarantee of loge seats for the regular admission charged for main floor and balcony seats.

Goodwill tickets are also good for bridge prizes, pre-Christmas employees' gifts, presents, and for personal use, giving the double advantage of the saving in cost, and the fact that a Christmas bonus is assured the seller. These tickets are on sale now, and until Dec. 7, at which time the sales stop. Tickets will be honored from Dec. 8 until Dec. 24, inclusive.

\$375,000 Is Needed To Finish Cow Palace

Not \$56,000, but \$375,000 is "absolutely necessary" to complete the livestock pavilion in North San Mateo County.

This was the statement today of Fred D. Parr, head of Agricultural District 1-A, sponsor of the "cow palace" project, in answer to State Finance Director George Killian, who had said he understood \$56,000 was all that was needed for completion of the huge structure just off Bayshore Hwy.

Parr said "the \$56,000 will pay for improvements making possible a horse show, but the extra \$375,000 is absolutely necessary to equip the pavilion to hold a cattle, sheep and swine exhibit and to provide space for exhibits of farm machinery and products."

There are about 28,000,000 dogs in the United States.

Telephone Firm

100 Millions To Be Spent

The Pacific Telephone and Telegraph Co. and its subsidiaries will spend in gross construction in 1940 a total of \$46,000,000 and it is now anticipated that in 1941 the gross construction expenditure will run well in excess of \$55,000,000 throughout the Pacific Coast, in keeping pace with the public's requirement for telephone service and in meeting effectively and patriotically responsibilities in the national defense program, according to N. R. Powley of Hillsborough, president of the company.

This two-year construction program of approximately \$100,000,000, stated Powley, is one of the largest in the history of the company. The expenditures are in general in the following classifications: Land and buildings, \$3,800,000; central office equipment, \$25,000,000; station equipment, \$18,000,000; exchange lines, \$18,000,000; toll lines, \$10,200,000; general equipment, \$2,200,000.

Fully appreciating the significant part that the telephone company must play in the national defense plans, active steps are being taken to keep in the vanguard to meet prompt and effectively the telephone requirements of the army and navy and other branches of the government, inclusive of all locations such as encampments, army posts, air corps stations, and naval establishments, Powley said. In anticipation of these requirements, advance planning is being done to assure that adequate facilities, properly safeguarded, will be available when and where wanted.

Weiner explained some suggestions for subdividing the ranch he asserted had made in vain to Harder for improving the property, adding: "And recently he has leased property in back to Japs to raise flowers. That area will be in manure in the Spring and all that odor comes on D St."

Devonshire Property Auction To Be Held

The Devonshire Properties Co. of San Carlos, has announced that it will offer 278 lots at public auction at a sale to be held today and tomorrow. The company states that this method is being employed in order to accelerate the movement of property into the hand of purchasers interested in acquiring sites for the purpose of building, both for week-end retreats, to which the lovely rolling and wooded nature of the country admirably lends itself, and for permanent homes.

More than 100 FHA approved residences have been built in the tract during the past year and there are approximately 500 families living in the Devonshire Properties, which represents a large section of the entire area of San Carlos. It lies on the west side of town and is in close proximity to the shopping district, schools, churches, and theater. This area has an historic background in that it was here that Don Gaspar de Portola first glimpsed San Francisco Bay, which he is credited with discovering.

McCanless, Rodriguez Get Jail Sentences

James T. McCanless and Pedro R. Rodriguez, convicted of second degree robbery, will be placed on probation for two years after nine months' imprisonment in the county jail.

Sentence was imposed by Judge Aylott R. Cotton on a reduced charge.

The men originally were accused of kidnaping and robbing of Tony Tavalero last March of officials alleged.

Council Hears Harder Place Termed 'Nuisance'

Redwood City's council will visit the James Harder 10-acre chicken ranch Saturday afternoon to determine whether it is a Lenox Tract asset.

The inspection trip was scheduled by Mayor Harold F. Anderson after Harder refused charges of the San Mateo County Realty Co. that the ranch constituted a public nuisance.

"Prospective householders" won't buy and FHA loans are difficult to obtain because of the odor, the flies and the noise caused by the 2000 chickens and five dogs," declared H. H. Weiner of the realty firm.

He asked council action in ordering removal of the dogs, poultry and alleged insanitary conditions.

'NO FLIES'

"You won't find any more flies on my place than other places and I don't think the sanitary conditions could be improved," answered Harder. "I keep chickens to collect and sell eggs. I have five dogs to protect the chickens from being stolen."

C. L. Dimmitt, city manager, reported that the city health officer said Harder co-operates in meeting sanitary regulations of the health department.

"True, no doubt," injected Councilman Evans A. Fletcher, "but that is a coming residential section."

Weiner explained some suggestions for subdividing the ranch he asserted had made in vain to Harder for improving the property, adding:

"And recently he has leased property in back to Japs to raise flowers. That area will be in manure in the Spring and all that odor comes on D St."

Councilman Floyd D. Granger said Weiner had promised to beautify his realty office for the tract.

"I think you should keep your contract with the city first, before doing something else," asserted Councilman George W. McNulty.

"I really think it is merely a matter of landscaping," explained Councilman William M. Werder.

Weiner said that would be attended to in the immediate future. And Harder asserted he would welcome a ranch visit from the council.

MEASURE PROTESTED

Discussion turned to nuisances and a proposed ordinance prohibiting the keeping of stallions, swine, bulls, rams within city limits and strictly limiting the areas in which poultry, except homing pigeons, rabbits, monkeys, fowl and goats might roam. Mrs. J. Koempel, 429 Howland St., protested the measure, asserting she had kept goats five years and was ordered by physicians to drink that kind of milk. Herman Rudolph, 1709 Jefferson St., corroborated her statement.

"The intent of this discussion is to arrive at some decisive set of boundaries," asserted Granger. "In its present form, this ordinance is too binding."

Fire 'Bells' Too Fast So They'll Be Slowed

Not the Bells of St. Mary's, but the bells of Redwood City's fire department have become too fast.

That, explained Fire Chief Mark E. Ryan to the council is the reason alarm blasts are difficult for the average person to interpret in fire box numbers.

"The old whistle worked slower and the blasts were counted easily," he explained to Mayor Harold F. Anderson. "But the bells we obtained sometime ago work too fast for the whistle."

The bells and whistle arrangement will be properly synchronized and other improvements made in fire department equipment under plans the fire chief is perfecting.

TO OUR PATRONS

On November 1st it became necessary to eliminate certain bus schedules in the Peninsula service, because after more than a year in effect, they were found to be insufficiently patronized to warrant their continuance.

Since that time there have been requests from some commuters that certain of this service be resumed. After a further survey of the situation, we are adding some new schedules and changing others to better accommodate all of our passengers. This new service will effect the following changes:

TO SAN FRANCISCO

Via the Bay Shore Route

10 schedules have been added between Redwood City and San Francisco operating via the fast Bay Shore Route during the morning and evening commute periods and throughout the day.

New fast Bay Shore service on Saturday afternoons.

Via the Mission Route

14 new schedules have been added between Redwood City and San Francisco via the Mission Route including extreme early morning arrivals in San Francisco.

New late evening service to Redwood City leaving San Francisco at 1:15 a.m. and 2:15 a.m.

In addition to the new service, certain existing Mission Route schedules formerly terminating at San Mateo have been extended to Redwood City eliminating transfers. This is particularly true during the heavy commute periods.

TO PALO ALTO

New additional service to Palo Alto.

TO SAN JOSE

2 new round trips daily including a departure from Redwood City at 7 a.m. arriving at San Jose at 7:55 a.m.

It is the policy of Pacific Greyhound Lines to render as convenient a service as possible to its patrons at all times. However, as in any sound business, it is essential to meet ever increasing operating costs. It is therefore necessary occasionally to make changes in the service in order to make the entire operation more efficient.

In its endeavor to provide Peninsula residents with the most convenient, comfortable and economical travel service, this Company has provided several new terminals on the Peninsula during the past year. In addition we have purchased many new buses for the Peninsula service.

See your local agent for the new revised time table.

MENLO PARK NEWS NOTES

MENLO PARK—Roller Campbell, Prospered Rufer and Charles W. Phobert left for Camp Ord, Salinas, Wednesday. They were escorted to the depot by the mayor and several prominent citizens and cheered as they boarded the train. The young men expected to be gone a year.

A local young Democrat who worked hard for his party during the last campaign is promised a lucrative position in the customs house. His chances for the coveted job are excellent. He has the backing of Senator Downey of Atherton. The place carries a salary of \$3000 a year.

Postmaster Morey reports that the business of his office is growing so rapidly that new quarters must be secured very soon. The force must also be enlarged. In the past year over 1000 new families have moved to Menlo Park. A new office building is contemplated by the government on Santa Cruz Ave.

Mr. and Mrs. William Hawkins have returned from a trip to Death Valley. They motored far into the sandy waste, enjoying the dry air, moon and charm of the desert.

John Glunz, building inspector, has issued 10 permits in the last 10 days for buildings aggregating \$50,000 in cost. Included in the list is the Standard Oil Co. station on the corner of El Camino Real and Ravenswood Ave. at an expenditure of \$10,000.

Edward O'Keefe and Joe McLaughlin secured the limit in pheasants at Willows last weekend. The season was for seven days and closed on Sunday. More than 2000 birds were killed during that time at the Willows Gun Club properties. Only the male may be shot and the limit is two a day.

Mr. J. Harvey, owner of the local theater and a chain of playhouses in California, was in town this week. He is looking for a site for a new theater to cost \$50,000. It is believed he has about decided to buy a valuable parcel of property on Santa Cruz Ave. Mr. Harvey says the Menlo house is one of his best paying theaters.

Isabelle Weeden Lindquist, hospital and welfare chairman for the 26th District American Legion, presented the following program at the Veterans' Facility near Palo Alto last Friday:

Mechanical dolls, Joy Dirstine and Polly Gomes; monologue and tap dance, Gay Dirstine; humorous dialogue, "At the Baseball Game," Joy Dirstine; "Beer Barrel Polka," Joy Dirstine and Polly Gomes; buck and Wing, Karl and Ethel Hunden; acrobatic waltz, Wanda Reynolds; off rhythm song and dance, Diane Smith and Billie Foster; song and acrobatics, Claudette Smith; Beatrice Bridges, radio soprano, accompanist Ruth Baner of San Francisco.

Frank Gome's, chef de gare of the 40 and 8 Society, was pre-

sent and brought a message from his voiture to the patients, and also extended greetings from the 26th District, American Legion.

\$150 Fine Set in Tree Greens Theft Case

Penalty for stealing eucalyptus greens is a \$150 fine or 30 days in jail, Judge E. I. McAuliffe has decided.

That is the penalty he imposed yesterday on Bernard Corrozi, 38, San Francisco, charged with petty theft and trespassing after allegedly stealing the greens from his employer's property and then selling them back to the owner.

Corrozi was given until Monday to pay the fine.

The complainant was Edgar McLellan, San Mateo, of the McLellan Nursery Co., at Colma.

PUBLIC NOTICE

Albert Mansfield, Atty.

NOTICE OF HEARING ON APPLICATION FOR LEAVE TO LEASE

No. 6893 Dept. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate and Guardianship of ULYSSES LINCOLN WILSON, also known as U. L. Wilson, An Incompetent Person.

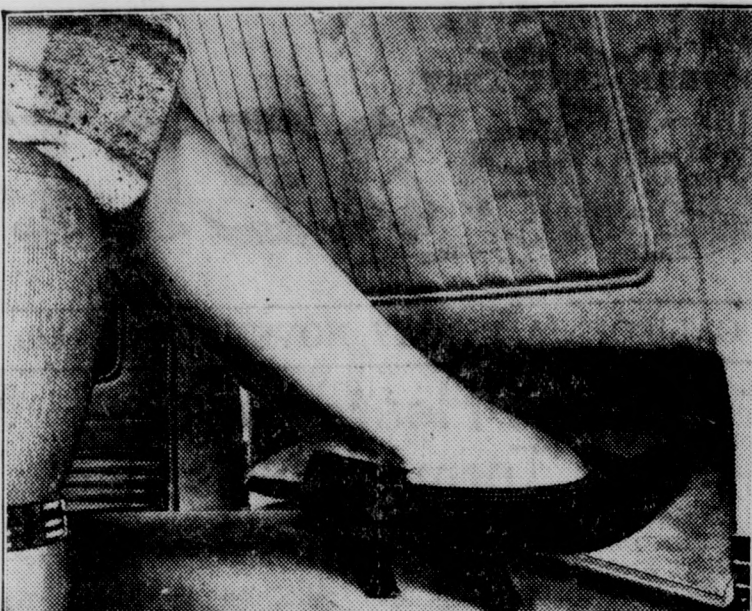

NOTICE IS HEREBY GIVEN that Nellie O. Wilcox as guardian of the person and estate of Ulysses Lincoln Wilson, also known as U. L. Wilson, an incompetent person, has filed in the above entitled Court and matter her petition for leave to lease certain real property in the County of San Mateo, State of California, described in said petition, in which said incompetent has an undivided one-quarter interest; that Monday, the 2nd day of December, 1940, at 10 o'clock a. m. of said day, at the courtroom of the above named Court in the Court House at Redwood City in the County of San Mateo, State of California, has been duly fixed and appointed by the Clerk of said Court for the hearing of said application, and at which time and place all persons interested are notified to appear and show cause if any they have why an order should not be made by the above entitled Court authorizing the execution of said lease by said guardian.

Reference is hereby made to the petition in the above entitled matter for further particulars, which is on file in the office of the County Clerk of the County of San Mateo, State of California.

Dated: November 14, 1940.

Built-in Foot Rest

Comfort is a "must" in the design of General Motors cars with body by Fisher, so in the development of the new seat frame construction, provision was made for a built-in foot rest for rear seat passengers.

LETTERS SOUGHT

Edmund Scott, former district attorney in San Mateo County, today filed a petition for letters of administration for the estate of his late mother, Mrs. Elizabeth Mary Scott.

The only whaling station in the United States is located near Eureka, Calif.

EUCALYPTUS TREES BURN

One and a half acres of eucalyptus trees were burned over on Pedro Valley property adjoining the H & H Ranch last night before the blaze was extinguished by the San Mateo County Fire Department.

Louisiana calls them "parishes" instead of "counties."

R.C. Asks FBI Opinion

Speeding to FBI headquarters in San Francisco today was an official letter from Redwood City asking about authenticity of a gun donation request.

Last week Mayor Harold F. Anderson received a letter purportedly from the American Committee for Defense of British Homes asking for weapons to defend English villages.

"In English villages . . . 25 weapons . . . would establish a reasonable degree of protection against small parties of invaders who may attempt to drop behind the line of military action to create confusion and destruction," read an extract from the missive.

The mayor brought the letter to attention of the council this week and drew the comment from Maj. Henry W. Edmonds that:

"If Britain's naval and army forces can't defend the homes, I don't know how guns in the hands of a few untrained villagers will save any communities."

The council voted to withhold action on possible donation of weapons confiscated by police until an expression on the request is received from the FBI.

774-Unit Housing Project In Northend Nearly Ready

Have you ever wondered, while driving along the Bayshore Highway at Bayshore City—just before crossing the San Francisco city limits—about just what are the long rows of apartment-house like dwellings which line the hillside to the right of the mammoth Visitation Valley "Cow Palace?"

These buildings are the new 774-unit Sunnyvale housing project, one of the first San Francisco developments in the federal low-cost housing program. When fully completed, the project will occupy 42 acres and will include the housing units, 10 playgrounds, a nursery school, health clinic and administration building.

READY IN JANUARY

The 264 units now in the final stages of construction will be

first of the year, according to Marshall Dill, San Francisco Housing Board chairman. The rest of the units will be built in time for use next Summer.

The rents in the homes, including all utility costs, will be about \$17 for three rooms and \$29 for seven rooms a month, he stated.

Qualifications for residence in the development are that at least one member of the family must be a United States citizen; all must be residents of San Francisco and definitely in need of better housing, and no individual member can have an income of more than \$30 a week.

BUILT SIX BLOCKS

The project is being constructed in six blocks of 81 three-room units, 531 four-room, 145 five-room and 15 seven-room units.

About 84 per cent of the full 42-acre area will be devoted to recreational facilities.

Factories where most of those who are expected to live in the units will work, are located just below the hill and are within easy walking distance.

It has been estimated 9000 earthquakes occur annually.

Beware Coughs That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Many Attend 'What a Life'

Sequoia High School Players today were considering giving a mystery play in January. The group successfully presented a farce last week.

The contemplated play, Director Claude A. van Patten said, will be quite different from the laugh-provoking vehicle, "What a Life," given for the final time Saturday night before a large crowd of adults in the school auditorium.

The three-act farce centered around activities of Henry Aldrich, a high school pupil who continually found himself in trouble despite the best of intentions.

Byron Nevill, a stagecraft instructor, made the stage sets.

The cast included Bob D'Spain, Rosemary Bonnot, Barbara Miller, Alfonso Zermeno, Douglas Christenson, Bill Rehlich, Walter Crator, Lenora Belanger, Doris White, Evelyn Hayes, Jean Thompson, Phil Cordrey, Morris Blackman, Nancy Frost, Charlotte McNeely, June Coy, Patricia Neilson, Ray Hubbard.

The Willkies And Hoover's Get Together

PALO ALTO — Co-operation during the recent presidential campaign had nothing on the Hoover-Wilkie amity in the nursery of the Palo Alto Hospital, where the baby sons of Mr. and Mrs. Allan Hoover of Palo Alto and Mr. and Mrs. John D. Wilkie of Menlo Park coo in adjoining cribs.

"We wouldn't dare put a Democrat in between them," nurses at the hospital declared today.

As befits the senior leader of the coalition, young Hoover (he arrived Nov. 9 and was a veteran when Wilkie turned up on the 14th) takes his environment with serenity. It is reported on excellent authority, however, that Master Wilkie was expressing displeasure with impetuous vigor the other day when a caller passed, and paused to remark, "Never mind, Wilkie, you'll get elected next time."

The United States is the outstanding sulphur producer of the world.

Charles Robb, Eileen Lynch, Ralph Balanesi.

PTA Meets With Board

SAN CARLOS — Proposal of a bond issue of \$80,000 to cover a long-range school planning program was made at a special meeting of the San Carlos Parent-Teacher Association and members of the San Carlos school board.

T. F. Miller, vice president, San Carlos Elementary School Board of Trustees, explained that if the population and school enrollment growth continues at its present rate, the school enrollment within about 10 years will have about 1500 pupils. There are 512 pupils enrolled now.

"We need to look to the future rather than the present," Miller said. "San Carlos is about one-fourth built up at present, but by about 1949 this community should be three-fourths built."

The PTA and school board hope to build six additional rooms to the present building, as well as add desks and other improvements. Next year there will be two classes of first, fourth and eighth graders. With the six rooms added, the building would house 800 students. This would take care of the enrollment until about 1943, it was predicted by officials.

If the bond issue is passed, it will cost the average home owner \$2.88 the first year, and a total of for the 25-year period of from \$35 to \$51.50, depending on the growth of the community, officials said.

A meeting on the question will be held at the San Carlos school-house Monday night at 8 o'clock, and representatives of all organizations and anyone else who is interested are invited, it was announced.

The boll weevil, grayish in color, is about a quarter-inch long.

City Preparing Yule Street Decorations

With work on decoration of Redwood City streets for the Christmas season getting under way today, City Manager C. L. Dimmitt stated there will be more color this year than ever.

Not only will 3500 brightly-colored lamps be strung over Broadway from Arch to Main St., and Main St. to Maple, but decorated flags will be placed over the sidewalks. Work on the project, which is being done by members of the Redwood City electrical department, under direction of City Electrician Mark E. Ryan, will be completed by Dec. 7, opening of the Yule holiday season.

Additional color will be added by using red, green and blue lights instead of red, white and green, which have been used in the past, electrical department officials stated.

Assisting Ryan in the work are William Hart, Richard Driven, Willis Leslie, Jack Kellar and Charles Guinasso.

Man Held for Building Permit Violation

Construction of a garage without first obtaining a permit from the San Mateo County building inspector is the charge confronting George Anderson, 36, Brisbane mechanic, arrested yesterday. The district attorney's office said the charge of violating the county building ordinance was brought after Anderson had received five notices to obtain a permit to erect the structure. Anderson is at liberty under \$100 bail.

Highlands Club Studies Annexation

Merits of annexing the Highlands District to Redwood City will be studied and weighed by a general committee to be appointed by the president and 20 directors of the Highlands District Improvement Club, it was decided at a meeting of the group at the home of E. A. Michel on Maple Way.

Richard tum Suden was re-

ected president of the organization. G. Chevassus was named first vice president; Stuart Copps, second vice president; and William P. Kietly, third vice president. Earle C. Palmer was elected secretary after a by-law amendment was adopted combining the office with that of treasurer.

Following discussion of the building restriction problem, Secretary Palmer and H. R. Chapin were appointed to a temporary committee to ascer-

Hats now are being made commercially from a wool-like substance manufactured from the casein of milk.

tain and report on the extent of the county planning commission's control of zoning restrictions. Complaints were received as to high cost of street lighting in proportion to efficiency of the lights.

In the absence of President tum Suden, who was ill, Palmer presided.

Donation Use Told

The Annual Roll Call of Redwood City Chapter, American Red Cross was in its second week today.

The roll call campaign, under Wayne R. Millington, chairman, ends in Redwood City Nov. 30.

Throughout the country, in 3712 Red Cross chapters, local

CITY COUNCIL GIVES \$75 TO ROLL CALL

Redwood City Chapter, American Red Cross, will receive \$75 from the city council during the present Roll Call. Maj. Henry W. Edmonds seconded a motion by Councilman Evans A. Fletcher last night that this contribution be made. City Manager C. L. Dimmitt reported \$75 is the customary annual city donation to the Red Cross.

committees constantly are preparing for disaster, Millington said in explaining purpose of the roll call.

Men and women are trained in the time-tested methods of disaster relief that may some day be instrumental in relieving suffering in their communities or some nearby section.

They are guided by the experience of 59 years of American Red Cross disaster fighting, the chairman pointed out.

Besides preparing for disaster relief in the year ahead, the organization is participating actively in the national defense program.

"Red Cross field directors in military posts are having their busiest year since the first World War," asserted Millington.

Redwood City Chapter and Red Cross workers elsewhere are counting mainly on \$1 donations this year. One may contribute at any bank in the city or the office of the Tribune.

The local chapter expects to have 1500 members when the Roll Call ends Nov. 30.

Hillsborough Mounds May Be 4000 years old

HILLSBOROUGH — Possibility that the Indian mounds found on the Templeton Crocker estate in Hillsborough last week are between 3500 and 4000 years old was expressed by Dr. E. W. Gifford of the University of California's anthropology department and curator of the university museum.

Dr. Gifford stated that from the mounds apparently were left by the Costano tribe of early man who inhabited this section of California.

"The mounds," he stated, "are not unlike those found near Richmond several years ago some 17 feet below sea level."

Dr. Gifford and Professor George B. Louderbach, head of the university's museum of anthropology, and noted as a geologist, will make further studies of the mounds and the general atmosphere of the mounds as they are uncovered. According to Dr. Gifford, although the mounds are very interesting, nothing has been uncovered that definitely shows just how old they are.

LEAVES \$29,000 ESTATE

John Collins Wells, 60, San Mateo building contractor who with his wife, Grace, 58, was killed last Decoration Day when their automobile skidded and plunged over a 50-foot Feather River Hwy. embankment, east of Oroville, left an estate of \$29,000.

The estate included \$24,510 in realty and \$5348.50 in personal property, according to an inventory filed today by James A. Lee of San Mateo, appraiser.

PUBLIC NOTICE

Jacob S. Meyer, Atty.
NOTICE OF SALE OF REAL
PROPERTY
No. 8840, Dept. No. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

IN THE MATTER OF THE ESTATE OF MABEL MAUD OWENS, also known as MABEL M. OWENS, also known as Mrs. W. J. Owens, Deceased.

NOTICE IS HEREBY GIVEN that the undersigned, Administrator with the will annexed of the estate of MABEL MAUD OWENS, also known as MABEL M. OWENS, also known as Mrs. W. J. Owens, Deceased, at the time of her death, and all the right, title and interest which her estate has acquired by operation of law or otherwise, other than or in addition to that of said Mabel Maud Owens, also known as Mabel M. Owens, also known as Mrs. W. J. Owens, in and to those certain lots, pieces or parcels of land situated, lying and being in the County of San Mateo, State of California, and more particularly described as follows, to wit:

PARCEL ONE:

That certain lot, piece or parcel of land known and designated as Lots Numbers 73 and 74 in Block Number 1, as shown upon that certain map entitled "Map of San Bruno Park, Fourth Addition, San Mateo County, California," filed in the office of the County Recorder of San Mateo County, March 6, 1906, in Book 4 of Maps, page 15.

PARCEL TWO:

Lots 41 and 42, in Block 1, as shown on that certain map entitled "Map of San Bruno Park, Fourth Addition, San Mateo County, California," filed in the office of the County Recorder of San Mateo County, March 6, 1906, in Book 4 of Maps, page 15.

All bids and offers must be in writing and may be delivered to the undersigned administrator personally, or may be left and will be received at the office of her attorney, Jacob S. Meyer, 717 Phelan Building, 760 Market Street, San Francisco, California, or may be filed in the office of the Clerk of the Superior Court of the State of California, in and for the County of San Mateo, to which Court the return of sale must be made, at any time after the first publication of this notice, and before the making of said sale.

TERMS OF SALE: Cash in lawful money of the United States of America; ten per cent to be paid on the purchase price at the time of sale; balance on confirmation of sale by the Court. Deed and Title Insurance at buyer's expense.

HAZEL KIRKE NEAL, Administrator with the Will Annexed of the Estate of Mabel Maud Owens, alias, Deceased.

City To Get New Parking Ordinance

Redwood City will have a new parking ordinance within 30 days.

The council adopted a comprehensive measure Monday which consolidates all previous regulations and clearly bounds the 15-minute, one-hour and two-hour parking areas.

Mrs. Isabelle Sabin, 31 Avondale Ave., was the only person to protest.

In a communication to the council, she advocated more than a 15-minute parking period at the post office, saying she transacts considerable business there and that last Saturday she was more than 15 minutes waiting in line at the money order window.

While the area immediately in front of the post office is a 15-minute parking zone, the time limit for cars is one hour across the street, Mayor Harold F. Anderson said. The respective areas will be properly posted, he added.

The ordinance was adopted on

Member of Pioneer Family Dies Here

Mrs. Mary A. Roza, daughter of a pioneer California family and a resident of Redwood City for 40 years, passed away at her home yesterday. She was 83 years old and resided at 703 Winslow St.

Mrs. Roza was born in San Lorenzo, and her mother was born in California also. She was raised by the Castro family which held the Castro Valley land grant.

She is survived by two sons, Joseph A. Roza and Frank Roza, and a grandson, Richard, of Redwood City. She was the widow of the late Joseph A. Roza, who died in May, 1939.

Funeral services will be held Friday morning at 9:30 at Franklin & Crowe Mortuary, and requiem high mass will be held at 10 a.m. Entombment will follow at Santa Clara Catholic Cemetery.

Motion of Councilman William M. Werder, seconded by Councilman Louis C. Christensen, and becomes effective in 30 days.

Military Rites Held At Presidio

Full military services were held at the San Francisco Presidio for Oscar K. Whittenburg of Redwood City, one of the state's most active men in veterans' affairs, who passed away Friday night of a heart ailment.

Flying up from Southern California to attend the funeral were officers of the Disabled American Veterans of the World War, including State Comm. Ray Lobre of Bakersfield, State Adjutant Wayne Castle, State Secty. Helen Brown, and State Physician Dr. L. Linanhan, all of Los Angeles.

Also in attendance were DAV Chapter 3 of San Francisco, Chapter 7 of Oakland, 16 of Burlingame, and Peninsula Chapter 47, of which Mr. Whittenburg was a member, headed by Comm. Carl Kelsey. Members of the American Legion and Veterans of Foreign Wars were also present.

Mr. Whittenburg was a veteran of the World War and a member

of three veterans' organizations — American Legion Post 105; Veterans of Foreign Wars, Corp. James Lindsay Wilson Post 2310, and the DAV. He was also a member of the Redwood City Library Board of Trustees.

The flags at the city hall, courthouse and fire department have been at half mast in respect to his memory.

Mr. Whittenburg, who was born in Marshfield, Mo., was the husband of Mrs. Georgina Whittenburg of Redwood City, and the brother of Miss Clarice Whittenburg of the East.

Carson City, Nev., is the smallest capital city in the United States.

Orders put up to take out

Flood Light At Brewster

Brewster Ave. and El Camino Real will have a temporary flood light to aid night traffic drivers in the near future.

Installation of the flood light was authorized by the Redwood City Council Monday after City Manager C. L. Dimmitt reported traffic signals may be erected before January.

"The California State Highway Commission will make a traffic count there in the near future," said Dimmitt. "If the count shows Brewster Ave. gets 25 per cent of the traffic at that intersection, signals will be installed."

Pending the state survey, a temporary light could be installed for \$100, Fire Chief Mark E. Ryan said. The order for the light followed.

The Redwood City Commuters Club lauded the police department for efficient handling of recent traffic conditions at the intersection.

The fire chief and city manager were authorized by Mayor Harold F. Anderson to make a survey for needs of a pedestrian lane on El Camino Real at the Fox Shoppe Cafe.

During the last model year, an average of 426,000 automobile workers were on the payrolls. Weekly payrolls rose to \$13,760,000.

The U. S. Army has raised the "ceiling" for flying cadets. The maximum height at which men will be taken for training now is 6 feet, 4 inches.

'Ways and Means' At Curran Monday

Brian Aherne, Joan Fontaine, Philip Merivale, Gladys Cooper, Reginald Gardiner, Benita Hume, C. Aubrey Smith, Heather Angel, Helen Chandler, Doris Lloyd, Dame May Whitty, Jean Cagney, John Garrick and others are in the cavalcade of stars who will appear in "Ways and Means," "Fumed Oak" and "Family Album," comedies by Noel Coward from his "Tonight at 8:30" repertoire, opening a week's run at the Curran Theater Monday evening (25th) under the direction of the Play-ers Theater, new producing group which includes Alan Mowbray, Homer Curran, George Cukor, Douglas Fairbanks Jr., and Ouida Rathbone. In addition to the six night performances there will be matinees Wednesday and Saturday.

Acted by leading stage and film stars, Noel Coward's "Tonight at 8:30" play recently broke all Hollywood box office records in an engagement of six weeks at the El Capitan Theater.

"Ways and Means" is a light comedy in three scenes, staged by James Whale, who did the original London production of "Journey's End."

"Fumed Oak," a comedy in two scenes, was directed by Margaret Webster, who staged Maurice Evans' "Hamlet" and many Gilbert Miller plays.

"Family Album," a Victorian comedy with music, was staged by Peter Godfrey, founder of the Gate Theater, London, and director of plays by George Bernard Shaw and Eugene O'Neill.

Settings for all three presentations were designed by Robert Edmond Jones.

Frank Tours, musical director of the Los Angeles Civic Light Opera, will conduct the orchestra.

Ronald Colman, Marlene Dietrich, Basil Rathbone, Cary Grant and other stars are slated to attend the Curran premiere.

"Ways and Means" marks the return to the footlights of Colman's wife, Benita Hume, star of many London and New York stage hits.

Night performances will start promptly at 8:15.

Wednesday and Saturday matinees at 2:15.

The ancient Roman chariots were built with a clearance of 4 feet, 3½ inches between wheels.

Some wood-burning locomotives are still in operation in Florida.

First Annual Hobby Show Declared 'Big Success'

With approximately 1000 persons viewing exhibits of all kinds and descriptions, the first annual show of the Redwood City Hobby Club held in the Central School Auditorium Friday and Saturday today was acclaimed a "big success" by H. J. Dunlap, president of the club.

Approximately \$70 was cleared and will be turned over to the Redwood City Recreation Building Fund, according to Dunlap.

In addition to exhibits named in a previous listing, several others were placed. Jack Keck entered a gun collection; Mrs. D. Leimberger, ceramics; Barbara Leaver, stamp collection; Dr. A. E. O'Neill, mustache cup collection; Mrs. Hawkins, antique lace curtains; Alta Chittenden, illustrated musical compositions.

Dr. Letitia Oakes, button collection; Leslie Lander, mineral collection; Stanford Veino, model boat; W. E. Wheaton, model airplane, and a joint exhibit of various crafts presented by the children of the recreation project.

Mr. and Mrs. Leroy Jordan presented puppet shows, and Henry and Harold Gragg played guitar and mandolin duets and sang songs, accompanied by their teacher, Lily Sherwood Fonda.

Ossian Fiernlund and Ruth Marzotto played piano duets, and piano selections were given by Patsy Robb, Louise Manza and Dick Morgan, and by their teacher, Mrs. Bostwick Barnes. Dolores Ramos sang a vocal solo; June Robertson, song and tap dance; Ruth McGeary, solo.

Arnold Robleto, song and tap dance; Gertrude Carlock, solo; Fern Davis and Ruth Robleto, piano duet; Louise Manze, violin solo; Beth Carlock, vocal solo; Genevieve McGeary, piano solo; Emily Hadley, piano solo, and the Carlock sisters, vocal duet. Kay McGlassen and Beth Childs assisted as masters of ceremonies.

A special meeting of the Hobby Club will be held Nov. 26 to make final reports, Dunlap said.

Miss Cochran Heads County Teacher Assn.

Miss Grace Cochran, English teacher at Sequoia High School, this week was elected president of the San Mateo County Teachers' Association at the annual meeting held at Burlingame High School. She succeeds Dr. Lester D. Henderson, Burlingame superintendent of schools. Also elected were E. F. William, Pescadero school principal, vice president; Miss Mildred Howard, San Mateo Junior College teacher, secretary, and Carl Story, of the Burlingame High School Commercial Dept., treasurer. The next meeting will be held early next year.

S.M. Crash Injuries Prove Fatal

Mrs. Charles R. Taforo of Oakland, died in Mills Memorial Hospital at the age of 80 of injuries received Sunday afternoon in an automobile collision at Bayshore Hwy. and 19th Ave., San Mateo.

Mrs. Taforo, whom former Mendocino County people will remember as Mrs. Antrim, had frequently visited in Palo Alto with her niece, Mrs. LeRoy Taylor.

She never regained consciousness after the car in which she and her husband were going north from San Jose collided with one operated by George E. Levertov, 49, of Burlingame. Taforo suffered cuts and bruises and Levertov was treated for a gash on his right temple.

Funeral services for Mrs. Taforo will be held tomorrow at Point Arena.

A kangaroo apple is a plant closely related to the potato. It is a native to Peru, New Zealand and Australia. It is eaten either raw or cooked.

3 Menlo Park Taverns Are Raided

MENLO PARK—In one of the biggest raids ever staged in Menlo Park, and the first conducted in more than a year, police this afternoon seized gambling equipment in three resorts within the city limits.

Raided were Carlun's Place on El Camino Real near San Francisco Bridge, Oak Grove Villa Hotel near the railroad station, and Mamie's Shack on the highway.

Police reported they seized seven slot machines and three horse-racing machines. They are being held under lock and key at the city hall.

Police Chief Foster Andrews and Officers Frank Roach and Louis Nelson staged the raid.

Complaints, Chief Andrews said, will be filed against the owners tomorrow.

Tucson, Ariz., claims to have been the first city in the United States to establish a municipal airport.

Chicken Pox Outbreak Reported in County

An outbreak of chicken pox was noted in San Mateo County last week by the department of health and welfare, which reported today that eight cases were discovered at Woodside, six at San Mateo and four at South San Francisco. There were also three cases of mumps in Redwood City and one case in Menlo Park; two cases of scarlet fever in South San Francisco; one case of whooping cough in Daly City, according to the department's report.

Dr. Charles C. Gans, department director, issued a warning regarding colds, in which he pointed out that, now that the "cold season" is here, best means to avoid them are (1) keeping resistance high by avoiding overexertion, getting a fair share of rest and watching the balance in the diet; (2) keeping the temperature of the home and office not over 70 degrees Fahrenheit; (3) keeping away from those who have colds; and (4) dressing sensibly—not bundled up or dressed too lightly; (5) protecting the feet from dampness.

M.P. Tavern Owners Face Charges

MENLO PARK—The San Mateo County district attorney's office and Menlo Park Police Chief Foster Andrews today prepared complaints against the three establishments from which gambling devices were seized yesterday.

Named in the complaints were Carlo Ferrando, Vincent J. Northcutt and Paul King. The charge listed possession of slot machines. Ferrando is connected with Oak Grove Villa Hotel, and King with Mamie's Place.

The three men are scheduled to appear for arraignment Saturday afternoon at 1 o'clock before Menlo Park City Judge Edward J. Ryan.

Possibility that all three places might lose their beer sale licenses was seen when Don Marshall, State Board of Equalization liquor control officer for this district, said that the board was willing to co-operate with the Menlo Park officers.

PUBLIC NOTICE

W. W. Jacka, Atty.
NOTICE OF SALE OF
REAL ESTATE

No. 8834

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of JOHN CULLEN WELLS, also known as JOHN C. WELLS and as J. C. WELLS, deceased.

NOTICE IS HEREBY GIVEN that the undersigned Administrator of the Estate of John Cullen Wells, also known as John C. Wells and as J. C. Wells, deceased, will sell at private sale to the highest bidder for cash, and subject to confirmation by said Superior Court, on Monday, the 25th day of November, A. D. 1940, at the hour of 10:00 o'clock A. M., or after said day, at the law offices of W. W. Jacka, Seventh Floor, Commercial Building, San Jose, Santa Clara County, California, all the right, title, interest and estate of the said John Cullen Wells, also known as John C. Wells and as J. C. Wells, at the time of his death, in and to the following described real property:

All that certain real property situate in the City of Burlingame, County of San Mateo, State of California, described as follows:

Portion of Lot 11 in Block 8, designated on the map entitled "Map No. 2 of the Property of the Burlingame Land Co., San Mateo County, Cal.," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on February 20, 1905 in Book "D" of Maps at page 38 and a copy entered in Book 3 of Maps at page 55, more particularly described as: BEGINNING at a point on the southerly line of Floribunda Avenue, distant thereon 65 feet westward from the point of conjunction of the southerly line of Floribunda Avenue with the easterly boundary of Lot 11 in Block 8; thence easterly and along the southerly line of Floribunda Avenue 50 feet; thence southerly in a direct line 201 feet 3 inches to the southwesterly boundary line of Lot 11, distant thereon 8 feet 6 inches northwesterly from the easterly boundary of Lot 11; thence northwesterly along the southwesterly line of Lot 11, 30 feet; thence northerly in a direct line, 187 feet 11 inches to the point of beginning.

Bids or offers are invited for said property and must be in writing and will be received at the law offices of W. W. Jacka, Seventh Floor, Commercial Building, San Jose, Santa Clara County, California, one of the attorneys for said administrator, or may be filed with the said Superior Court of the State of California, in and for the County of San Mateo, or delivered to said administrator personally at any time after the date of the first publication of this Notice and before the making of said sale.

Terms and conditions of sale: Cash in lawful money of the United States of America, Ten Per Cent of the purchase price to be paid on the day of sale, balance on confirmation of sale by the Court.

DATED: November 4, 1940.
JOHN ALBERT WELLS,
Administrator of the Estate of John Cullen Wells, also known as J. C. Wells, deceased.

The first American battleship to be made entirely of iron was the Texas, 6315 tons, launched in 1899.

Woodside Protests Garage Plan

Swanky, wealthy Woodside brought its rezoning problem to the county supervisors today in a battle of residential and business interests.

Although 30 residents of the community attended the session, a solution was not reached. Further consideration was set for 2 p.m., Dec. 17.

The eight-month-old controversy was precipitated by a recent recommendation of the San Mateo County Planning Commission for a rezoning at Canada and Woodside Rds.

E. A. Michel, Woodside resident and a retired San Francisco business man, had applied for a rezoning of a parcel of property from a single family district to a limited commercial district.

If the application is granted, he plans to purchase the site from Mrs. E. G. Abecassis and on the 60 by 85 foot lot erect a colonial style garage structure.

MANY PROTEST
Allen Chickering Jr., attorney and Woodside resident living 300 yards from the intersection, appeared as spokesman for the opposition which included not only many persons at the board meeting but 74 individuals who had signed a petition of protest. "Vast majority of Woodside residents have voiced opposition and residents with adjoining property have protested a change," he claimed.

In that area, the board was informed, business is permitted on the south but not on the north side of the street. Michel explained if granted his application, he would erect a modern, fireproof garage and lease it to an auto mechanic now in business on Woodside Rd. at Whiskey Hill Rd.

The proposed new garage "will not promote the general welfare of Woodside," Michel's opponents maintained.

They charge that a majority of persons who signed a petition supporting his application are not residents or landowners of Woodside.

Hugh H. Smith, board chairman, called for a raised hand vote by the audience on granting the application. A count of hands revealed a 2 to 1 vote against it.

Ronald Campbell, secretary of the county planning commission, reviewed the case, explained the south side of the street originally had been zoned for business only and added:

"The commission was impressed with the reasonableness of the request made by the applicant that the 60 by 85 foot lot 100 feet north of the pavement edge of Woodside Rd. be placed in a 1C zone."

POSSIBLE COURT ACTION
"It would be better for the Woodside residents to let the application go through with some supervision," said Supervisor John Lynch. "Otherwise, the matter might be taken to court where the court might force a rezoning."

Supervisor Fred E. Beer lauded the work of the planning commission, saying that body apparently had been working for best protection of Woodside as a whole.

The supervisors were to recon-

vene this afternoon to hear a petition for formation of the Brisbane Lighting District, hearing of an application for amendments to the county zoning ordinance, and receive reports on engineering matters.

Burlingame, S.M. Join Defense Move

BURLINGAME — Burlingame and San Mateo city councilmen last night gave formal endorsement to the American Legion and emergency defense organizations, in which the communities of Burlingame, San Mateo and Hillsborough will co-operate to provide auxiliary forces to aid the regular authorities in times of disaster or relief.

The council's action followed a

recommendation made by a committee composed of representatives from the three communities' councils.

The general purpose of the organization is to provide reserves to help in times of emergency or disaster, supplementing regular firemen, police or other forces.

Canada sent 400,000 men to Europe in the first World War.

CHEAPER GAS and ELECTRICITY

Your two indispensable servants in the home—Gas and Electricity—are now working for you at new daily savings.

The heat that will keep your home warm, the hot water that flows when you turn the faucet, the hot foods for the family table, rugs and furniture cleaned by vacuum, clothes washed by machine and ironed by electric heat, the radios, the many little table appliance helpers, the door bell chimes and the silent electric timepieces—all these will be at hand this month, working for less money.

You, by using gas and electricity in ever-increasing volume, have been a partner in the downward revision in the cost of these services. You have changed your gas and electric bill into a monthly charge account of work-releasing, comfort, convenience and entertainment items.

Year after year—not for a few times, but eleven times in the twelve years since 1928, money-saving reductions in your cost of gas and electricity have been made. Surely no other item in your household budget has dropped so drastically in price during the same period.

ELEVEN RATE REDUCTIONS

\$35,510,000

Combined yearly savings to gas and electric users compared to rates in effect February, 1928.

GAS and ELECTRICITY ARE CHEAPER in California
